

Athyrium filix-femina 'Frizelliae' *New*
Tattling Fern (Code: 7688)
 This distinctive fern has deep green fronds that resemble necklaces. Delicate looking, but adaptable as any lady fern. A "Great Plant Pick" for the Pacific Northwest!
 (12-18" x 12-18") Zn3.

Athyrium filix-femina x niponicum 'Branford Rambler' *New*
Running Lady Fern (Code: 4963)
 This vigorous, spreading deciduous groundcover fern has purplish-red stems and short green fronds. Dependable and adaptable in shady locations, but never invasive.
 (18-24" x 24-36") Zn4.

Athyrium niponicum 'Pictum'
Japanese Painted Fern (Code: 6968)
 Silvery-gray, metallic-appearing fronds have garnet veins extending to the tips. Long-lived and reliable in moist, humus-rich soil. 2004 Perennial Plant Association Plant of the Year and a "Great Plant Pick" for the Pacific Northwest! (12-18" x 18-24") Zn3.

Blechnum spicatum
Deer Fern (Code: 7488)
 This NW native, tufted fern has compact, symmetrical, lustrous evergreen fronds. A "Great Plant Pick" for the Pacific Northwest, it is an essential ingredient for the natural woodland garden, as either an accent plant or groundcover. (16" x 24") Zn5.

Dryopteris erythrosora
Autumn Fern (Code: 5341)
 New growth is orange-bronze to copper and gradually fades to deep green by summer. The evergreen fronds remain erect in winter. A "Great Plant Pick" for the Pacific Northwest! (36" x 18") Zn5.

Polypodium glycyrrhiza
Licorice Fern (Code: 7653)
 This Northwest native fern commonly grows on tree branches or on rocks in the coastal forests. The rhizomes have a sweet, licorice flavor. The fronds are evergreen in winter and dormant in summer. (6-18" x 18-36") Zn6.

Polystichum acrostichoides
Christmas Fern (Code: 5388)
 Dark green, leathery, lance-shaped fronds are graceful and evergreen. A wonderful accent in the shade garden, it provides textural contrast with other shade lovers such as Hosta, Astilbe, and Dicentra. (12-24" x 24") Zn3.

Polystichum munitum
Sword Fern (Code: 7422)
 Dramatic, upright fronds reach up to 4' tall! This evergreen NW native fern is a fabulous shade garden accent. A "Great Plant Pick" for the Pacific Northwest! (2-4' x 2-4') Zn5.
