

Container Candidates

Filling a colorful container with perennials and annuals can be so much fun! Selecting long-lasting plants with interest is easy, suitable plants abound. Choose them for their foliage or their flowers. Mix them up for never ending new effects! As smaller lots and nomadic living become increasingly more prevalent, Gardening in containers becomes ever more popular. Whether it's Contemporary or Classic, Country or Condo, matched sets flanking an entry, or that odd pot tucked into the existing landscape- the style choices are only limited by your imagination.

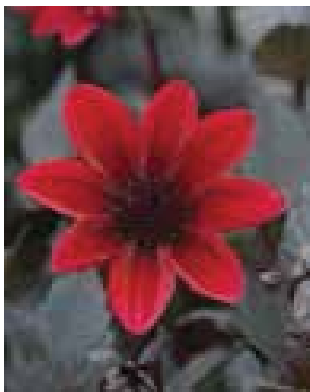

** Great in hanging baskets as well.

Bacopa 'Lavender Scent'

Coleus 'Peter's Wonder'

Dahlia 'Dracula'

ANNUALS & TENDER PERENNIALS

Alternanthera	☀️☀️ z10	p68
